Crops Grown From Highest Quality True To Type Stocks

We inbreed our stocks each year in a rotating Breeding Program that insures 100% purity of strain. We isolate every variety planted to prevent cross-breeding, therefore, we feel that our stocks are the best obtainable.

Prices are F.O.B. Monticello, Florida; bags extra at cost or furnished by the purchaser.

GARRISON

Elongated light melon with dark green irregular stripes. Flesh red and sweet.

Our Garrison Planting Stock is direct from the original Breeders.
